

AllCityPainting provides decorative wall finishing for commercial, retail, hospitality, and residential projects. Services include professional interior painting of walls and trim, as well as wallpapering and faux finishes. Glazes, stains, imprints, plaster and textured materials are applied by hand in a range of techniques to produce beautiful patinas on walls, doors and moldings. A desired effect can be produced with just a simple colored glaze atop a painted surface, or more elaborate multi layered applications, utilizing textures and glaze. We focus on quality, customer satisfaction, preparation and follow through by clean, careful, courteous professionals.

AllCityPainting offers a full range of services. Below is a list of our main areas of expertise. If your project has special requirements or considerations, AllCityPainting will be happy to discuss them with you during a no-charge consultation.

**Painting** - Color can be tricky. AllCityPainting has the experience and expertise to ensure that your project results will match your project vision.

**Wall papering** - Papering is an art that takes time to master. We have been using the highest grade of materials, techniques and craftsmen to produce beautiful results.

**Color consultation** - Careful planning leads to predictable results without unpleasant surprises.

**Damage repair** - We are experts at repairing the unsightly cracks, stains and other damage that often result from leaks or work in adjacent units.

**Insurance liaison** - AllCityPainting has years of experience in preparing comprehensive estimates for insurance companies. We know the costly and often overlooked factors that must be considered to arrive at a complete and accurate figure.
